

**BDI Database – Defense/Public Security & Safety**

Updated: July 2011

Company Name	Logo	Website	Description
<b>4D Security Solutions</b>		<a href="http://www.4-dsecurity.com/">http://www.4-dsecurity.com/</a>	Provides security systems to protect assets, facilities, and infrastructure anywhere in the world from sabotage, terrorism, and theft.
<b>Acro Security Technologies</b>		<a href="http://www.acrosec.com/">http://www.acrosec.com/</a>	Caters to global homeland security markets at the forefront of explosive identification and detection. Researches, develops and markets groundbreaking safe and cost-effective technologies and applications.
<b>Aeronautics Ltd.</b>		<a href="http://www.aeronautics-sys.com">www.aeronautics-sys.com</a>	Specializes in providing defense solutions, security consulting services and defense applications.
<b>Afcon Software &amp; Electronics Ltd</b>		<a href="http://www.afcon-inc.com">http://www.afcon-inc.com</a>	Developers of testing software for the electronic industry.
<b>Agent video intelligence ltd.</b>		<a href="http://www.agentvi.com">www.agentvi.com</a>	Video-Intelligent Products. Homeland security.
<b>Beth-El Industries</b>		<a href="http://www.beind.com">www.beind.com</a>	Premiere chemical, biological, radiological, and nuclear, (CBRN) protection and filtration system designer/manufacture and supply protection systems against today's asymmetric and conventional threats (protection systems against CBRN/NBC warfare) to 60 armies (many of them NATO countries).

<b>Camero</b>		<a href="http://www.camero-tech.com">www.camero-tech.com</a>	Developed a unique, portable through-wall imaging micro-power radar Premises Security
<b>Controp Precision Technologies Ltd.</b>		<a href="http://www.controp.com">www.controp.com</a>	Specializes in development and production of Electro-Optical and Precision Motion Control Systems including thermal imaging cameras and aerial renaissance film cameras.
<b>DefenseSoft</b>		<a href="http://www.defensoft.com">www.defensoft.com</a>	Protection of vulnerable assets where geographical terrain and critical infrastructure require impenetrable security against breach threats. Border / Peripheral Security
<b>D-Fense</b>		<a href="http://www.d-fence.com">www.d-fence.com</a>	Electronic fence systems for perimeter security projects. Border / Peripheral Security
<b>Elbit Systems</b>		<a href="http://www.elbitsystems.com">www.elbitsystems.com</a>	Develop, manufacture and integrate advanced, high-performance defense electronic and electro-optic systems. Integrating command, control, communication, computer, intelligence, surveillance and reconnaissance network centric systems, including unmanned vehicles, for defense and homeland security applications.
<b>Elkat Ltd.</b>		<a href="http://www.elkat.co.il">www.elkat.co.il</a>	Development, production and marketing of highly sophisticated electronic security devices and systems. Two main lines: Audio and video surveillance control systems for controlling security sensitive facilities. Surveillance and intelligence equipment
<b>ElmoTech Ltd</b>		<a href="http://www.elmotech.com">www.elmotech.com</a>	Presence and location verification technologies, designed for monitoring individuals in the law enforcement and corrections markets Biometric & Access Control
<b>EMESCO</b>		<a href="http://www.emesco.net">www.emesco.net</a>	Preparing clients worldwide for Manmade and Nature present and future dangers Training, Simulation. Partnership in Global projects formerly Demco Group

Genesis System House Ltd		<a href="http://www.ewgenesis.com">http://www.ewgenesis.com</a>	System integration services.
IAI – Israel Aerospace Industries		<a href="http://www.elta-iai.com">www.elta-iai.com</a>	A subsidiary of Israel Aerospace Industries, ELTA operates as a Defense Systems House, focused on electromagnetic sensors (Radar, Electronic Warfare and Communication) and integrated solutions.
ITL Defence & Security		<a href="http://www.itlasers.com">www.itlasers.com</a>	Specializes in advanced solutions for land-based military and civilian defense and security integrating day/night target observations and acquisition capabilities . Main products are OEM solutions; tactical solutions.
Magna BSP Ltd.		<a href="http://www.magnabsp.com">http://www.magnabsp.com</a>	Produces a patented stereoscopic vision sensory system, based on a pair of electro-optic cameras, (CCD and/or thermal imaging infrared). The product maintains a low false alarm rate (FAR) while enabling high probability of detection on a predefined region of interest (ROI).
Mate - Media Access Technologies Ltd		<a href="http://www.mate.co.il">http://www.mate.co.il</a>	Developers of video identity and behavior recognition technology
Megason Electronics & Control 1978 Ltd		<a href="http://www.megason.co.il">http://www.megason.co.il</a>	Manufacturers and Importers of alarm equipment and systems
Netline Communication Technologies (N.C.T.) Ltd		<a href="http://www.netline.co.il">http://www.netline.co.il</a>	Manufactures and sells wireless communications jammers, known as counter IED jammers as well as cellular jamming & detection systems.
Nice Systems		<a href="http://www.nice.com/intelligence-lea">http://www.nice.com/intelligence-lea</a>	Intent-based solutions that capture and analyze interactions and transactions, realize intent, and extract and leverage insights to deliver impact in real time.

Oran Safety Glass		<a href="http://www.oran.co.il/">http://www.oran.co.il/</a>	Flat and curved glass processing company, creating numerous types of glass products for various sectors implementing advanced technologies
Orbit Communication Systems Ltd.		<a href="http://www.orbit-techgroup.com">www.orbit-techgroup.com</a>	Satellite Communications Systems, Tracking & Telemetry Systems and Communication Management Systems. develops, manufactures and supplies a wide range of superior performance communications equipment and communications solutions to serve Airborne, Maritime and Ground applications.
Phantom Technologies Ltd.		<a href="http://www.phantom.co.il">www.phantom.co.il</a>	Surveillance and counter-surveillance equipment. Development, sales and installation of personal protection devices. Wireless telephone recording systems, and miniature video transmitters.
Rada Electronic Industries Ltd.		<a href="http://www.rada.com">www.rada.com</a>	Specializing in advanced electronic systems for airborne and land applications including complete system solutions, OEM subsystems and products. Avionic solutions; data recording & management, inertial navigation systems; radars for anti-terrorism/force protection systems.
Radom Aviation System Ltd.		<a href="http://www.radom-aviation.com">www.radom-aviation.com</a>	Aerospace company that applies its technologies and methodologies to military and commercial aviation projects.
Rafael Advanced Defense Systems Ltd.		<a href="http://www.rafael.co.il">www.rafael.co.il</a>	Designs, develops, manufactures and supplies a range of high-tech defense systems for air, land, sea and space applications.
Rotem Industries Ltd.		<a href="http://www.rotemi.co.il">www.rotemi.co.il</a>	Offers a modular series of services and products in the field of counter (and anti) CBRN terrorism, from preparative stages, to full operational planning, including training and equipping. Develops, manufactures and markets state-of-the-art Health Physics Radiation Monitoring systems and Instruments.

<b>Scent Detection Technologies (SDT) Ltd.</b>		<a href="http://www.scent-tech.com/">http://www.scent-tech.com/</a>	Develops trace detection products with the capabilities to detect explosives, narcotics, chemical and biological agents.
<b>Servision Ltd.</b>		<a href="http://www.servision.net.">http://www.servision.net.</a>	Developers of remote video security equipment.
<b>Sesp Ltd.</b>		<a href="http://www.sesp.co.il">www.sesp.co.il</a>	Jammers of cellular telephones; Surveillance and counter surveillance equipment and systems
<b>Spacelogic Ltd.</b>		<a href="http://www.spacelogic.com/">http://www.spacelogic.com/</a>	Importers of industrial and airport equipment and machinery.
<b>Urban Aeronautics Ltd.</b>		<a href="http://www.urbanaero.com">www.urbanaero.com</a>	Developing a compact VTOL vehicle with no exposed rotors that is tailored to meet FAA requirements for powered lift vehicles as well as flying and operating inside of complex urban and natural environments.
<b>Verint Systems Inc.</b>		<a href="http://www.verint.com">www.verint.com</a>	Provider of Actionable Intelligence <sup>®</sup> solutions and services for enterprise workforce optimization and security intelligence.
<b>Visual Defence (Israel) Ltd.</b>		<a href="http://www.visualdefence.com">www.visualdefence.com</a>	Provider of integrated software and hardware solutions for digital audio-visual security systems over broadband, IP and wireless networks.
<b>Waterfall Security Solutions Ltd.</b>		<a href="http://www.waterfallsecurity.com/">http://www.waterfallsecurity.com/</a>	Provider of Unidirectional Security Gateways and data diodes for Process Control Systems, SCADA systems, Remote Monitoring and Segregated Networks, enabling secure and real-time data transfer, from critical networks to external/business networks.

**Zamir Recognition Systems  
Ltd.**

<http://www.zamir.co.il>

Manufacturers of vehicle number recognition systems.
