

## List of Telecom companies – Recommended Prospects

### Fixed-Wireless-Mobile

Updated July 2011

Company Name	Logo	Website	Description
<b>Actelis Networks</b>		<a href="http://www.actelis.com/">http://www.actelis.com/</a>	Patent pending broadband transport system to deliver fiber optic standard performance over voice-grade copper pairs.
<b>AeroScout (mobile)</b>		<a href="http://www.aeroscout.com/">http://www.aeroscout.com/</a>	RF and baseband patent-pending distance measurement (DM) and location finding technology that can be embedded in Bluetooth integrated circuit (IC) for cellular phones, mobile and desktop PCs, and PDA's. DM between two bluetooth devices with 1m accuracy.
<b>Alvarion (wireless)</b>		<a href="http://www.alvarion.com/">http://www.alvarion.com/</a>	Broadband wireless access equipment. BreezeNET - plug-and-play wireless Ethernet products for mobile computing that can be integrated easily into any LAN environment.
<b>Amdocs</b>		<a href="http://www.amdocs.com">www.amdocs.com</a>	Solutions of CRM, OSS, BSS for large operators. Core Network (VAS, OSS, BSS, CRM) Distribution / OEM Project-based operations
<b>AMIMON High-definition Wireless (wireless)</b>		<a href="http://www.amimon.com/">http://www.amimon.com/</a>	Pioneering Wireless High-definition Interface (WHDI) that allows televisions and multimedia projectors to wirelessly interface to HDTV video sources. Wireless transmission in the 5GHz band of uncompressed HD video streams with data rates of up to 3 Gbps.
<b>Audiocodes</b>		<a href="http://www.audiocodes.com">www.audiocodes.com</a>	Advanced Voice over IP and converged VoIP and Data networking products and applications. Technology, Semi Conductors Distribution / OEM Active globally

<b>BOS mobile &amp; RFID solutions (mobile)</b>		<a href="http://www.boscorporate.com/">http://www.boscorporate.com/</a>	IP telephony LAN/WAN solutions for enterprises. BOSaNova family of VOIP products includes rack-mountable gateways, an external USB device and software. The series include FXO and FXS analog gateways and E1/T1 PRI digital gateways. Supports H.323 protocol.
<b>bTendo Ltd.</b>		<a href="http://www.btendo.com/">http://www.btendo.com/</a>	Microelectromechanical systems (MEMS) and optical design expertise, bTendo has developed groundbreaking laser-scanning display technology that lies at the core of cutting-edge solutions.
<b>Cellbris Telecom (mobile)</b>		<a href="http://www.cellbris.com/">http://www.cellbris.com/</a>	UniCall multi-user cellular GSM gateway. UniSky remote extension connecting cellular phone to any VoIP gateway. By utilizing VPN Unisky allows Skype and IP calls to mobile phone. CellGate wireless and universal switch system with remote administration.
<b>CellNets Solutions</b>		<a href="http://www.cellnets.com">www.cellnets.com</a>	Public cellular telephony to low income Mobile Application Platforms Investment, M&A, Acquisition Owned by ForeGroup (T8) + Investors
<b>Celtro (mobile)</b>		<a href="http://www.celtro.com/">http://www.celtro.com/</a>	Carrier-class backhaul switching solutions for cellular networks. DynaMate product family. Rack-mounted terminal that supports up to 48 E1s in hub sites. Compact terminal for traffic optimization in satellite links.
<b>Ceragon Networks (wireless)</b>		<a href="http://www.ceragon.com/">http://www.ceragon.com/</a>	High-capacity broadband wireless systems for next generation networks. FibeAir product family provides seamless networking over multiple transport protocols, including IP, SONET/SDH, ATM and Fast Ethernet.
<b>ColorChip</b>		<a href="http://www.color-chip.com/">http://www.color-chip.com/</a>	Ultra Low Loss fiber optic components and modules for the fiber optic communications market. Optical splitters. PLC Splitter Chips. PLC Splitter wafers. 1x2/2x2 Couplers. Fiber Concentrators.
<b>Comverse</b>		<a href="http://www.comverse.com">www.comverse.com</a>	Network-based messaging and content value-added services, converged billing and IP communications. Core Network (VAS, OSS, BSS, CRM) Partnership and M&A Focusing on Core-network solutions for mobile Operators
<b>Corrigent</b>		<a href="http://www.corrigent.com">www.corrigent.com</a>	Optical infrastructure for carriers and service providers. Transport, all network types Investment, M&A, Acquisition Subsidiary of Orkit Communications. Sells in Japan & Europe
<b>Dune Networks</b>		<a href="http://www.dunenetworks.com">www.dunenetworks.com</a>	Networking and switching silicon devices for switching platforms Technology, Semi Conductors Investment, M&A, Acquisition

<b>EasyRun</b>		<a href="http://www.easyrun.com">www.easyrun.com</a>	User-friendly multimedia, contact center solutions Technology, Semi Conductors Investment, M&A, Acquisition
<b>ECI Telecom</b>		<a href="http://www.ecitele.com">www.ecitele.com</a>	Networking infrastructure for carriers and service providers. Multiple Segments, Infrastructure Partnership AND M&A Strong sales in Asia, Europe, Africa.
<b>Extricom (wireless)</b>		<a href="http://www.extricom.com/">http://www.extricom.com/</a>	WLAN architecture for enterprise-wide deployment. Extricom WLAN uses a single wireless switch for the entire network with standard Wi-Fi protocols (IEEE 802.11) and Ethernet. Access Points (AP): ultra-thin, low-cost 802.11 PHY devices
<b>FibroLAN</b>		<a href="http://www.fibrolan.com/">http://www.fibrolan.com/</a>	Fiber-optic networking and Broad-Band Access systems. MetroStar, carrier class rack-mountable, modular multiple-channel (10/100/155/1000Mbps) media converter. Single and multiple channel devices. MA managed gigabit Ethernet converters and extenders
<b>Fore Group</b>		<a href="http://www.elgad.com">www.elgad.com</a>	Private holding and investment company whose portfolio includes companies active in the Telecom field Multiple Segments, Infrastructure investment, M&A, Acquisition includes companies from Real Estate, to Security, Oil & Gas Explorations, and other
<b>Friendly Technologies</b>		<a href="http://www.friendly-tech.com/">http://www.friendly-tech.com/</a>	Design and development of multi-bandwidth infrastructure software for Customer Care geared to leading broadband communication service providers, cable companies, Telcos, ISPs, and CLECs
<b>FTS</b>		<a href="http://www.fts-soft.com">www.fts-soft.com</a>	Converged Billing and CRM for tier 2, 3 and NGN Service Providers Core Network (VAS, OSS, BSS, CRM) Partnership AND M&A Partially owned by the Fore-Group (T8) Principals
<b>Galtronics (wireless/mobile)</b>		<a href="http://www.galtronics.com/">http://www.galtronics.com/</a>	Design of custom radio frequency antennas. Wireless solutions for cellular telephone, Bluetooth devices, local area networks, two-way radios. Telescopic antennas. Panel antennas. Stubby antennas. Retractable antennas. Inverted F Antenna (PIFA)
<b>Gilat Satellite Networks</b>		<a href="http://www.gilat.com/">http://www.gilat.com/</a>	VSAT (Very Small Aperture Terminal) satellite communication systems that provide end-to-end enterprise networking and rural telephony solutions to customers across six continents. Interactive broadband data services
<b>Leadcom</b>		<a href="http://www.leadcom-is.com">www.leadcom-is.com</a>	Provisioning, management and implementation of telecom network deployment for pan-regional operators, vendors and major enterprises Civil Works, Network Deployment Investment, M&A, Acquisition

			Mostly active in Africa, Middle East
<b>LiveU</b>		<a href="http://www.liveu.tv/">http://www.liveu.tv/</a>	Portable video-over-cellular backpack solutions space and the benchmark for reliable and high-quality uplink. Instantly broadcast live video over wireless channels
<b>Main.net Communication</b>		<a href="http://www.mainnet-plc.com/">http://www.mainnet-plc.com/</a>	Plus (Power Line Ultimate System) product line enables power utilities to offer their customers high-speed telecommunication services over existing power lines. Applications include Internet, telephony, AMR (automatic meter reading), home automation
<b>MIND CTI (wireless)</b>		<a href="http://www.mainnet-plc.com/">http://www.mainnet-plc.com/</a>	Global provider of billing, customer care, accounting and management solutions for voice, data and IP services. Customers include worldwide leading carriers servicing millions of subscribers using wireless, broadband and wireline communication services
<b>Mobilitec, Inc.</b>		<a href="http://www.alcatel-lucent.com/">http://www.alcatel-lucent.com/</a>	Mobilitec develop the most commercially deployed content platform in the industry.
<b>MTI Wireless Edge (wireless)</b>		<a href="http://www.mtiwe.com/">http://www.mtiwe.com/</a>	Flat panel antenna manufacture and design. Broadband antenna systems for communications, COMJAM, ESM, ECM, Sigint (Comint, Elint), and UAV applications. Conform to ETSI, FCC, MPT, BAPT and DTI standards. Wireless Local Loop (WLL). Point-to-Multipoint
<b>Orbit Communication Systems (mobile)</b>		<a href="http://www.orbit-cs.com/">http://www.orbit-cs.com/</a>	Mobile satellite communication, tracking and audio communication systems for military and commercial applications used by global defense and commercial companies. Broadband satellite communications for marine, air and ground mobile platforms
<b>Orbit GTS</b>		<a href="http://www.orbit-gts.com/">http://www.orbit-gts.com/</a>	Antenna positioning and tracking systems (pedestals, controllers, antenna). Turnkey tracking systems. Aircraft, UAV and missile tracking. Radars and DF antenna systems
<b>Pontis</b>		<a href="http://www.pontis.com">www.pontis.com</a>	Marketing Delivery Platform IP / NGN Platforms Partnership in Global projects
<b>Prime Sense</b>		<a href="http://www.primesense.com/">http://www.primesense.com/</a>	PrimeSense technology allows digital devices to perceive the world in 3D and derive an understanding of the world based on sight, just the way humans do

<b>RAD Data</b>		<a href="http://www.rad.com">www.rad.com</a>	Access solutions for data and telecommunications applications Enterprise Solutions Distribution / OEM multidisciplinary activity in 6 continents
<b>Radvision</b>		<a href="http://www.radvision.com">www.radvision.com</a>	Unified visual communications over IP and 3G networks (Video Conferencing) Core Network (VAS, OSS, BSS, CRM) Distribution / OEM
<b>Radware</b>		<a href="http://www.radware.com">www.radware.com</a>	Integrated application delivery and application security solutions IP / NGN Platforms Distribution / OEM Load Balancing and Data security
<b>Radwin</b>		<a href="http://www.radwin.com">www.radwin.com</a>	Wireless backhaul and broadband access solutions in the sub-6 GHz space Transport, all network types Investment, M&A, Acquisition
<b>Rotal Communication Systems</b>		<a href="http://www.rotal.co.il/">http://www.rotal.co.il/</a>	Provider of Fiber Optic transmission networks. Integration of different infrastructures such as RF, Fiber Optics, Wireless, LAN and WAN. Installation of CATV networks from the drop connection to home-pass
<b>Runcom Technologies</b>		<a href="http://www.runcom.com/">http://www.runcom.com/</a>	Platform for content-rich interactivity between TV broadcasters and subscribers. Orthogonal Frequency Division Multiple Access (OFDMA) System-On-Chip and Base Station System-On-Board solutions for mobile wireless MAN, DVB-RCT and BWA environments
<b>Shiron Satellite Communications</b>		<a href="http://www.shiron.com/">http://www.shiron.com/</a>	Two-way multimedia satellite communication system, incorporating innovative system architecture, algorithms and digital signal processing for broadband communication systems via satellite
<b>STARHOME</b>		<a href="http://www.starhome.com">www.starhome.com</a>	Roaming services and converged solutions for mobile network operators. Mobile Application Platforms Partnership AND M&A Affiliate of Comverse (T5)
<b>Surf Communication Solutions</b>		<a href="http://www.surfsolutions.com/">http://www.surfsolutions.com/</a>	Media over Packet (MoP) Triple Play (Voice, Video, and Modem/Fax/Data) Mop conversion solutions for communication equipment manufacturers. Integration levels: DSP software; DSP hardware/software; PTMC boards; and PCI boards
<b>Tadiran Communications (wireless)</b>		<a href="http://www.tadcomm.com/elbitmain/">http://www.tadcomm.com/elbitmain /</a>	Military communications. High frequency (HF) (1.5 to 30 MHz) and Very High Frequency (VHF) (30 to 108 MHz) band equipment. Handheld VHF/UHF Radio. Military computers, Rugged Personal Digital Assistant (RPDA-88). Wireless headset for VRC or PRC radios
<b>Tadiran Spectralink</b>		<a href="http://www.tadspec.com/home.php">http://www.tadspec.com/home.php</a>	Wireless communications systems. Airborne Search and Rescue (SAR) Systems. Ground and Air Data Terminals for command, telemetry and video

<b>(wireless)</b>			links. Anti-jamming communication
<b>Trafix</b>		<a href="http://www.trafixsystems.com">www.trafixsystems.com</a>	Authentication, Authorization and Accounting products Core Network (VAS, OSS, BSS, CRM) Investment, M&A, Acquisition
<b>Trivenet</b>		<a href="http://www.trivenet.com">www.trivenet.com</a>	Mobile remittance services Core Network (VAS, OSS, BSS, CRM) Partnership AND M&A
<b>Wavion</b>		<a href="http://www.wavion.net">http://www.wavion.net</a>	Wi-Fi Access Point for metro Wi-Fi network deployments. Multiple Input Multiple Output (MIMO) technology with six radio transceivers and six antennas employs digital beamforming to focus the energy to and from the clients on a per-packet basis.
<b>WiNetworks</b>		<a href="http://www.winetworks.com">www.winetworks.com</a>	WiMAX systems, Pico-cells, Fem-to-cell Access, Wireless (WiMAX,SAT) Investment, M&A, Acquisition Active in 4 continents
<b>Wisair</b>		<a href="http://www.wisair.com/">http://www.wisair.com/</a>	Ultra Wideband (UWB) chipset for consumer electronics. UWB chipset based on WiMedia UWB radio platform with an integrated RF transceiver chip and a MAC/PHY baseband chip. Single CMOS chip encompassing MAC, Baseband and RF functionality. UWB antennas
<b>WiseCom</b>	 Communicate better. achieve more.	<a href="http://wisecom.co.il/">http://wisecom.co.il/</a>	Telrad Connegy PBX and VOIP solutions for organizations and businesses. AdvanceIP business communication platform that combines IP-based telephony and IP voice capabilities with analog, digital, LAN/WAN, wireless and voice, data and CTI applications
<b>WorldMate (MobiMate) (mobile)</b>		<a href="http://www.worldmate.com/">http://www.worldmate.com/</a>	Travel organizer for mobile phones. Service for business travelers to plan and manage their trips. Service assembles entire itinerary, including meetings, in one place; synchronized personal web site, calendar and mobile device information
<b>Zlango (mobile)</b>		<a href="http://www.zlango.com/">http://www.zlango.com/</a>	Icon-based international language, with over 200 icons. Mobile application enables creation and sending of Zlango messages to mobile phones
